Surcharges.

Type	Surcharge
Energy surcharge	€ 0,12 per parcel
Volume surcharge	To reduce the number of parcels that are sent with an unnecessarily large amount of empty space, PostNL will not only charge a volume surcharge for parcels within the Netherlands from January 1st 2023, but also for parcels within the EU. However, we have noticed that the costs for online entrepreneurs have increased, and we are doing everything we can to think along with you. That is why we choose not to pass on the volume surcharge for parcels within the EU for the time being, to give you the opportunity to adjust your packaging. As soon as something changes, we will let you know in time.
Manual processing surcharge	Germany: € 10,- France: € 8,- Other EU countries: € 3,46
Peak surcharge <i>(only during the end of the year period)</i>	€ 0,25 per parcel
